V FOODS — FINAL QA & VERIFICATION REPORT

Executive Summary

- **Verification Run Date**: 2026-10-21
- **Working Branch**: `fixes-and-verification`
- **Total Defects Audited**: 6
- **Total Issues Fixed & Verified**: 6
- **Total Remaining Critical Defects**: 0
- **Automated Playwright Interactions**: 24 distinct interaction steps executed
- **Overall Result**: **100% PASS** across all tested functional workflows, responsive viewports, and accessibility criteria.

1. Functional Testing by Area

Area	Status	Playwright Evidence & Interaction
User Workflow	`PASS`	Logged in via quick-chip; rendered dish catalog; opened `ItemDetailBottomSheet`; incremented quantity to 2; added to tray; triggered Spotlight Search via Ctrl+K; dismissed via Escape; navigated to Profile; tested Edit Profile dialog. Verified 0 console errors.
Shop Staff Workflow	`PASS`	Logged in via quick-chip; navigated through Live Orders, KDS, Pickup Queue, and POS Terminal; added items to POS bill; verified real-time bill calculation.
Shop Admin Workflow	`PASS`	Logged in as Shop Admin; navigated to Menu tab; opened Add Dish dialog and dismissed via Escape; inspected Inventory and Rush Mode; validated Settings tab and outlet isolation.
Super Admin Workflow	`PASS`	Logged in as Super Admin; navigated Campuses, Outlets, Coupons, and System Settings; opened Create Outlet modal and dismissed; tested Force Close prompt with specific outlet naming.
POS Terminal	`PASS`	Validated item selection, line item tally, and responsive layout across mobile and desktop.
Menu & Inventory	`PASS`	Audit log modal tested with Escape listener, scroll lock, and Axe-core contrast checks.
Security & Permissions	`PASS`	Verified role isolation: User cannot view or access Super Admin navigation controls (`count: 0`).
PWA & Offline	`PASS`	Service worker registration and manifest active (`dist/index.html` referencing PWA assets).

2. Multi-Resolution Responsive Matrix

Tested using Playwright with real DOM interaction (opening overlay, interacting with controls, dismissing via Escape):

Viewport	Device Profile	User Sheet	Staff Views	Admin Views	Super Admin	Result
390 x 844	Mobile (iPhone 14)	PASS	PASS	PASS	PASS	**PASS**
768 x 1024	Tablet (iPad Portrait)	PASS	PASS	PASS	PASS	**PASS**
1366 x 768	Standard Laptop	PASS	PASS	PASS	PASS	**PASS**
1440 x 900	Desktop Display	PASS	PASS	PASS	PASS	**PASS**
1920 x 1080	Full HD Ultrawide	PASS	PASS	PASS	PASS	**PASS**

3. Overlay & Popup Testing Breakdown

Overlay / Modal Component	Trigger Element	Purpose	Keyboard & Scroll Lock	WCAG 2.1 AA Contrast	Result
ItemDetailBottomSheet	Dish Card click	Customization & add to tray	Escape closes, scroll locked	PASS	PASS
SpotlightSearch	Ctrl+K / Search button	Global dish and canteen search	Escape closes, focus trapped	PASS	PASS
MenuAuditLogModal	"Audit Log" button	Track menu modifications	Escape closes, scroll locked	PASS	PASS
PilotRoadmapModal	"Join Pilot Waitlist"	Campus onboarding waitlist	Escape closes, scroll locked	PASS	PASS
SuperAdminAuditModal	"Inspect" record	High-fidelity audit inspector	Escape closes, scroll locked	0 violations	PASS
Force Close Dialog	"Force Close" button	Prevent accidental shop shutdown	Browser dialog with outlet name	N/A	PASS
Staff Registration Modal	"Add Staff Member"	Create staff lead with persistence	Form submission + reload check	PASS	PASS

4. Accessibility (A11y) & WCAG Compliance

- **Axe-core Playwright Scan on SuperAdminAuditDetailsModal**: 0 contrast violations.
- **Axe-core Playwright Scan on SpotlightSearch**: 0 contrast violations (`text-slate-600` ensures > 4.5:1 ratio).
- **Touch Target Dimensions**: All modal close buttons updated to `min-width: 36px; min-height: 36px; padding: 6px;` (WCAG 2.5.8 compliant).
- **Keyboard Navigation**: `:focus-visible` outline rings (`2px solid #2563EB`) implemented across all interactive overlay dismiss buttons.
- **Reduced Motion**: `@media (prefers-reduced-motion: reduce)` added to disable jarring scaling transforms for users with vestibular sensitivities.

5. Critical Business Logic Protection

- **Wallet Calculations**: Unchanged & verified.
- **Paytm Payment Routes**: Protected and unmutated.
- **Split Margins & Totals**: Preserved.
- **POS Accounting**: Intact.
- **Stock Accounting**: Intact.
